19 IRON VASE HOLDER

\$830

DESCRIPTION

On this elegant iron vase holder with no bottom light and shadows play off of each other. Every piece is welded with an artisanal method to create a one-of-a-kind object. The surface is finished with a treatment that allows a thin layer of rust to deposit and create hues and nuances unique to each piece that oxidizes and changes color in time. The metal naturally releases particles that can be visible on light or porous surfaces.
