1970 VINTAGE TALL VASE BY SANTONOCITO MICHELANGIOLO

\$720

DESCRIPTION

Exquisitely handcrafted by the master artisan Santonocito Michelangiolo at the Ceramiche Alvino Bagni (Florence) in the 1970s, this vase is made of red clay and finished with a "graffiato" surface. The diamond-shaped pattern in different shades of blue is created using the slip-technique, revealing all its elegance through the glazed surface. An angled handle made with the die-plate technique enriches the top, adding to the vintage allure of this unique piece.
