1980 VINTAGE GRAY TRAY

\$385

DESCRIPTION

A superb object of traditional sophistication, this tray is handcrafted of terraglia, a cream-colored clay, using a plaster cast. Made at the Ceramiche Alvino Bagni in the 1980s, its rectangular shape is marked by rounded-off corners and is enhanced with decorations obtained with scratching ("graffiatura" in Italian) and painting techniques depicting stylized flowers on a gray-enameled background.
