Madea Milano

1981 TEAL AND BLUE SIDE TABLE

\$380

DESCRIPTION

A tribute to the Memphis Milano collective of the '80s, this side table of clear methacrylate will be a colorful addition to a contemporary living room or office decor. The laser-cut legs are accented with a geometric motif of blue diagonal stripes, while the square top has a large, X-shaped motif with teal and blue stripes. The colors and lines overlap creating a captivating optical effect that changes depending on the spatial perspective. This table is easily assembled in just a few steps and each component is hand-polished to enhance the clarity of the methacrylate.
