23 IRON VASE HOLDER

\$1,320

DESCRIPTION

This elegant iron vase holder with no bottom evokes the shape of a gearwheel. Every piece is welded with an artisanal method that creates a one-of-a-kind object. The surface is finished with a treatment that allows a thin layer of rust to deposit and create hues and nuances unique to each piece that oxidizes and changes color in time. The metal naturally releases particles that can be visible on light or porous surfaces.
