3-DOOR WHITE SIDEBOARD WITH OAK INLAYS

\$3,680

DESCRIPTION

An artful incorporation of natural inlays in a bold and linear structure crafted of white-stained wood describes the silhouette of this one-off wooden sideboard. Resting on a plinth base and offered in a four-door variant to best suit more compact settings, it is distinguished by prized and unrepeatable inlays in knotted oak that extend throughout the doors' front and are contoured by irregular profiles for a captivating rustic feel.
