59 IRON VASE HOLDER

\$830

DESCRIPTION

In this elegant iron vase holder with no bottom, curves and straight elements harmoniously coexist. Every piece is welded using an artisanal method that creates a one-of-a-kind object. The surface is finished with a treatment that allows a thin layer of rust to deposit and create hues unique to each piece that oxidizes and changes color in time. The metal naturally releases particles that can be visible on light or porous surfaces.
