7-SLOT STEMWARE & GLACETTE HOLDER WITH CREAM ECO-LEATHER

\$660

DESCRIPTION

This precious circular holder splendidly embodies nautical and tailored styles with its exquisite details. Six coves where to insert the stem glasses are cut out from the upper, ring-shaped board, while the lower one featuring the addition of coasters lends a tailored feel to the storage concept. The central hole is designed to welcome a glacette. Cream eco-leather covers the borders and the rested circles.
