7166/9 CHANDELIER

\$17,025

### DESCRIPTION

The striking design of this unique chandelier will make a striking statement when placed in a home and it is also ideal for use in public spaces. Its construction consists of a variety of chopstick-shaped rods of iron which have been soldered together in an abstract configuration. Extending outward are golden brass arms, each one holding a light covered in a cylindrical shade in pink silk with a gold interior. The combination of materials gives this piece a dynamic look.
