Ceramica Gatti 1928

800 CUP WITH PLATINUM

\$1,240

DESCRIPTION

Made on a lathe and enameled in earthenware, this elegant vase is decorated with hand-painted designs in platinum over a glossy white base. While the shape is inspired by Greek and Etruscan vases, the pattern features a modern reinterpretation of Renaissance designs with stylized branches and zigzag patterns on the central piece, and a solid platinum rim at the top and base. The two exquisitely handcrafted handles in the shape of coiled snakes make this a magnificent element in any decor.
