ABISSO MEDIUM GREEN AND ORANGE VASE

\$1,890

DESCRIPTION

This exclusive piece of the Abisso series is distinguished for its vivid colors and the visual harmony of its silhouette. Handmade of Venetian glass and entirely finished by hand, it features an elegant bud shape that broadens delicately from the narrow mouth. The gradient coloration softens from a dark green on top to clear at the base, where three orange teardrop-shaped feet are hand applied to elevate and support the piece. Paired with the other Abisso vases in other colors, this eye-catching vase will enrich any table or console in both classic and modern decors.
