ACORN SEAT MARKER

\$190

DESCRIPTION

A stunning accent to add on an elegant table during a special dinner, this seat marker is crafted entirely of silver and reproduces in striking detail an acorn attached to a curled stem with two oak leaves. This delicate composition, highlighted by the smooth finish of the silver, will splendidly adorn any occasion, and is particularly ideal for a large gathering, since it is possible to insert a small place card through a cut at the base.
