ADALGISA CENTERPIECE

\$4,350

DESCRIPTION

This striking sculpture part of the "Meduse" series is completely hand-made in one process with the vetrofusione technique, where the glass is exposed to temperatures so high that they alter its molecular process, changing its shape and creating a new form. The result is a jellyfish-like creature with an iridescent pale-blue body that swims in the air, suspended on a myriad of green tentacles.

DETAILS & DIMENSIONS

- Material: Glass
- Dimensions (in): W 9.84 x L 9.84 x H 7.09
- Dimensions (cm): W 25 x L 25 x H 18
- Handmade In Italy
