ADAM VASE WHITE AND GOLD

\$480

DESCRIPTION

Inspired by the mechanical shapes of modernism, designer Letizia Caruzzo handcrafted this captivating vase by overlaying geometrical shapes to create a design of subtle simplicity reminiscent of mechanical gears. Made of white enameled earthenware, this vase is painted by hand with gold coin-shaped details around the rim and finished with a glossy glaze. Used as a centerpiece in the dining area or as a gift, this stunning vase is sure to make a statement.
