ADATTA CHAIR

\$1,990

DESCRIPTION

This exquisite chair will make a bold and elegant statement in any contemporary or modern dining room, and can be used as an accent chair in an entryway or living room. Its structure is in ash wood, with a seat in full grain leather and an adjustable back made with a plate of aluminum etched to evoke the texture of the moon. The aluminum backrest is supported by a rotating system that allows it to adapt its shape to the guest's body. This feature, combined with the comfortable seat, exudes refined functionality and will suit a rustic and industrial decor.
