ADSPERA BRASS CENTERPIECE NO. 2

\$220

DESCRIPTION

An ode to nature, this elegant centerpiece was crafted of brass in the shape of a stylized shell. Its simple top, resting on a low base, is adorned with a central line that runs along its center, creating a textured effect. Designed by Chiara Andreatti, this piece is a versatile and eye-catching addition to a modern home, where it can be displayed alone or combined with the Adspira pieces by the same designer.
