AFRICAN DREAM RUG

\$10,320

DESCRIPTION

From afar, the pattern that adorns this exquisite handmade carpet is reminiscent of a leopard's skin. From close by, the decoration is made of connected rings of beige, brown, and light brown. The color palette is delicate and warm and will complement any environment: either classic, contemporary, or vintage-inspired. This piece was entirely hand-knotted using 100% wool and was designed by Allegra Hicks for Alberto Levi Gallery.
