AGATA BOOKCASE

\$5,090

DESCRIPTION

This remarkable bookcase blends natural materials, refined finishes, and impeccable details for a result that is elegant and versatile. Entirely handmade with canaletto walnut veneer, except for the back and the inner top shelves lacquered in white opaque finish, this piece of functional decor features two drawers on invisible rails and soft closure that visually divide the structure in two clean, geometric spaces ideal for storing and showcasing books, ceramics, and collectibles. Simple yet sophisticated, it can be displayed alone in a loft entrance or wall that needs to be enlivened, or in a living room and office for stylish storage.
