AGATHA 5-PIECE COFFEE TABLE #1

\$11,050

DESCRIPTION

Part of the Transparency Matters Collection, this coffee table is a unique work of art that will never be identical to any other. Boasting a geometric shape, it comprises five tabletops, each mounted on a cast bronze leg connected to the others with a horizontal arm. The top is made of casting resin with a special technique whereby three layers of colored resin are molded to create polished earthly shades that cannot be reproduced exactly. Other colors and compositions are available, ask the Concierge. Any discrepancy in the shape is not a defect but a designer's stylistic choice.

DETAILS & DIMENSIONS

- Material: Resin Bronze
- Dimensions (in): W 47.64 x D 31.50 x H 19.69
- Dimensions (cm): W 121 x D 80 x H 50
