AIRONE SCOMPOSTO CANDLE

\$240

DESCRIPTION

Modern and sophisticated, this candle will be a precious addition to an elegant home and a superb housewarming gift. Its rectangular shape with a square base is crafted by hand using refined paraffin wax mixed with natural essential oils for a delicate and unique scent. The amber color of its surface is adorned by hand using an awl that carves a series of abstract and geometric decorative patterns inspired by the image of a heron. The decoration was filled with black wax for a striking contrast. This object can be displayed in an entryway, living room, or powder room as unique sculpture.
