AIRY SIDEBOARD

\$27,670

DESCRIPTION

This remarkable piece, designed by Italian architect Davide Rizzo in collaboration with AVD, is distinguished for the prized materials used to craft its sleek structure. The rectangular frame has a black matte lacquered top and rests on a base made of 24kt gold-finished steel and brass that brings refinement and luster to the piece. The square doors feature a white lacquered frame and a front panel with an eye-catching pattern inspired by woven fabric. The storage inside is entirely crafted of Ovangkol wood with a shelf in each of the four compartments. Simple yet extremely refined, this sideboard will combine harmoniously with any style of furniture.
