### ALATO BROWN LEATHER SOFA

\$18,660

#### DESCRIPTION

Named after its flared armrests reminiscent of wings ("alato" means "with wings" in Italian), this sofa boasts an intriguing silhouette that seems suspended on the stainless steel polished, almost invisible feet. The metal frame is equipped with a crossed elastic belt spring system, and the padding features 100% European goose feathers and 10% down with a central additional filling of multi-density and highly-resistant polyurethane and memory foam. This piece is covered with brown leather upholstery. Contract and commercial certifications available upon request.
