DESCRIPTION

Retro-chic allure and exquisite craftsmanship make this desk a precious addition to a modern or classic decor. Its structure in wood is adorned with an ebony veneer whose glossy finish elegantly complements the beige leather inserts of its front, with two drawers. Metal details in rose gold add a delicate shine. The interior of the wooden drawers is lined in micro-fiber fabric. Other metal finishes and wood veneers are available. The cover of front and sides is also available in fabric. Please contact the Concierge for options.
