ALICE PENDANT BY BETHAN GRAY

\$2,345

DESCRIPTION

An ode to minimalist design sensibility and architectural rigor, this captivating pendant lamp by Bethan Gray draws inspiration from the 12th-century Cathedral in Siena. The orb-shaped pendant boasts a striped black-and-white pattern crafted using Arabescato and Marquina marbles, the horizontal lines slightly tilted on an axis to create the illusion of movement. The piece is connected to a round, tiered holder and a slender rod in brass with a gold finish. Hung in multiples along a foyer or at staggered heights in a living room, this piece will infuse drama into any decor.
