LIGHTING : TABLE LAMPS

Maurizio Navone Restart

ALLA BLACK TABLE LAMP

\$510

DESCRIPTION

Elegant and minimalist, this table lamp has a twin piece in white that it can be paired with to make a striking set. The LED light round plate is inserted inside the round shade and supported by a super thin, flexed arm. All these elements are in brass painted a deep black shade using powders. The other supporting elements are in brass left in its natural finish to complement the black varnish. This exquisite piece will be a sophisticated addition to a contemporary decor.
