ALLISON FLOOR LAMP

\$1,230

## DESCRIPTION

Brimming with understated elegance, the architectural silhouette of this floor lamp exudes a sense of symmetry and balance that is ideal for a minimalist or industrial interior. The square shade is fashioned of black fabric to complement the bronzed finish of the brass structure. Raised on a rectangular plate, the stem extends from one edge and bends sharply on top with a long arm. The tall frame and versatile style make this floor lamp the perfect complement for an entryway, a study, or a dining room.
