## ALMOND TABLE MIRROR BY DUDESIGN

\$885

### DESCRIPTION

Designed by Dudesign, the inspiration for this table mirror is in its name. A perfectly round mirror is inserted in an almond-shaped base of Keep Life®, an eco-sustainable wooden composite created from shells of hazelnuts, chestnuts, walnuts, almonds, pistachios, and peanuts. The unique texture of this material is infused with distinctive olfactory notes of these dried fruits thanks to its natural processing free of chemical solvents and formaldehyde.
