Ceramiche Pierluca

ALT ASHTRAY BY FRANCESCO RUFFA

\$310

DESCRIPTION

This ashtray is a unique design by Francesco Ruffa for Ceramiche Pierluca. Handcrafted of ceramic, this original concept comprises two pieces: a white circular base (the actual ashtray) and a gray top, which represents symbolically a mound of cigarette ash with an orange filter. This remarkable piece revisits an old-fashioned object with a moral subtext: represented as a piece of art, the ashtray no longer validates smoking but rather transforms it in an obsolete practice. This original object will add an intriguing accent on a side table or office desk in any decor.
