Siru Illuminazione

ALVEARE TABLE LAMP

\$645

DESCRIPTION

This remarkable table lamp combines an ironic naturalistic inspiration - revealed by the beehive ("alveare" in Italian) shape of its diffuser - and an opulent character. Ideal for accenting a luxe console or a nightstand, the voluminous design of the clear Murano glass silhouette embraced by a stainless steel cage, multiplying the reflective potential of the piece. Sealed by a golden round base of extraordinary sophistication.
