AM1 CARPET BY A. MENDINI

\$9,820

DESCRIPTION

This colorful and contemporary carpet was made using ancient techniques used by expert Nepalese artisans and using fine Tibetan wool, famous for its quality thanks to the very high altitude at which the animals graze freely. This one-of-a-kind piece is part of a 36-piece limited series where each item is signed by the designer and was hand made, from the harvesting of the wool, to the final completion. Striking colors and an exquisite craftsmanship make this piece a wonderful and durable addition to any home.
