### AMBRA LARGE AND LONG RECTANGULAR TRINKET BOX

\$970

#### DESCRIPTION

Part of the Ambra collection in the Shagreen Edition, this precious piece of functional decor will make a statement in any room of the house. Either to collect everyday objects in an entryway, or to store valuable family memories, this piece will add a sophisticated touch to any decor. Its wood structure is entirely covered in fine nappa leather. The lid is particularly striking, thanks to its real shagreen leather cover and a sculpture-like handle in metal with a bronze finish. The available color combination is mole brown or black.
