### ANATOMICA SCULPTURE FOOT #1

\$180

#### DESCRIPTION

This exceptional accent sculpture from the Anatomica series reduces the anatomical profile of the foot to its archetypal form and accents it with unconventional motifs. Entirely handcrafted of white Capodimonte porcelain with a glossy finish, this piece features a detailed design of aboriginals with straw skirts and headresses engaging in a virile rite of passage. Exuding strong energy, this special addition to any home can also be a fine gift for a contemporary art lover and will suit various decor styles.
