\$110

DESCRIPTION

The whimsical pattern of this grey and off-white wallpaper features the image of a monkey in two different poses, which are repeated on alternating rows, with banana leaves. The geometrical background of elongated diamonds completes this elegant look that recalls an exotic, tropical setting and would be a perfect addition to a traditional study or even a modern living room. Realized entirely in vinyl, this wallpaper is easily washable, flame retardant, and does not warp or tear when applied. Price is intended per squared meter. The wallpaper pattern can be adapted to any wall size. Please, contact our Concierge for further information.
