ANELLA CONSOLE

\$13,680

DESCRIPTION

This magnificent console will make a statement both in a classic decor or among more contemporary furniture, thanks to the noble materials used and the sinuous but simple lines of its silhouette. The plinth base and top are in maple wood stained in an elegant shade of mahogany with an opaque finish. The veins of the wood and its warm color strikingly complement the polished brass curves that support the top and also frame it.
