ANFORA VASE WHITE AND BLACK

\$320

DESCRIPTION

Designed by Mauro Fabbro, this piece is handmade using half-refractory white fire clay and hand-painted with a glazed enamel finish through three firings at 980° C. This stunning amphora-shaped vase features a white top and black base diagonally separated at the center to highlight its curvy silhouette. Perfect when arranged with other pieces in coordinating colors, or standing alone as a mid-century accent on tables, shelves, and mantels.
