ANNA BAGUETTE BAG

\$1,070

DESCRIPTION

Sophisticated and lavish, this dynamic baguette uses colors and textures to create a dynamic, timeless accessory. Inspired by the elegance of its namesake, noblewoman Anna Notaras Paleologina, the mastery of this bag is in the details: the rigid trapezoidal silhouette effortlessly contrasts the distinctive, sinuous black scroll motifs in black "Lepanto" velvet on a blue background, while the gold tuck clasp completes the piece. Reserved for special occasions or used to add an elegant flair to an everyday outfit, this precious bag will transform any outfit with its subtle sophistication.
