Serena Luxury Mosaic

ANTICO VASE

\$2,760

DESCRIPTION

The protagonist of this exquisitely crafted vase, part of the Art Collection, is the elaborate mosaic that graces its carafe-like shape. The vase is made of Murano smoky grey mouth-blown glass with a “sommerso” 24 kt gold finish. The mosaic is made of opaque glazes applied between two glass threads around neck and base. The pattern uses the six main colors of ancient Egypt: green, red, blue, yellow, white, and black. A precious statement glass object that will add glamorous shine on tables, shelves, and mantels.
