AQUAMARINE GOLD RING

\$2,580

DESCRIPTION

Handcrafted of 18-carat yellow gold, the asymmetric, double-open structure of this striking ring creates a unique design that is eye-catching and sophisticated. Two thin bands, connected in the lower shank, support three aquamarine gems of different sizes for a refined effect, ideal for the modern woman. The stones weight 6.65 carats in total. It (US6/EU12) is offered in different sizes upon request.
