AQVILA SOFA

\$21,155

DESCRIPTION

This striking sofa is inspired by the sophistication of the art deco style. Its exquisite upholstered structure creates a welcoming hug and it can be customized according to the customer's wish, using velvet, silk, nubuck leather, cotton and more. The most magnificent details of this piece are the stunning wing-shaped armrests, in lacquered satin brass finish. Little metal feet at the base of the structure recall the same warm golden tone.
