ARABESQUE BLUE PENDANT LAMP

\$510

DESCRIPTION

Contemporary and classic inspiration merge in this handcrafted pendant lamp whose geometric curves evoke the linear patterns of the arabesque decorations. The lampshade is composed of three shapes of coiled recyclable polypropylene twine on an iron-wire structure finished in matte black: a beige drum-shaped central piece framed by a black conical top and a cobalt-blue semisphere (Pantone 228) at the bottom. All the materials used are OKEO-TEX, REACH certified for human-ecological safety against harmful chemicals. Ceiling rosette, 2 mt of textile cable and matte black lampholder included.
