ARANCIO MAIMONIDE SET OF 4 TILES #3

\$145

DESCRIPTION

Distinguished for its deft use of simple colors and shapes, this bold tile is a testament to majolica ceramic craftsmanship, carried down by Sicilian artisans for centuries. Four exquisite tiles reveal an intricate design marked by a central motif with sinuous scrolling framed by a bold double border. These details in ivory are set on a vibrant orange background for a striking design. The underlaid grid adds a touch of visual linearity that enhances the artistry of the piece. These tiles will add an elegant touch in a monochromatic or post-modern bathroom or powder room.
