ARANCIO MAIMONIDE SET OF 4 TILES #9

\$145

DESCRIPTION

Versatile and captivating in their simplicity, these handmade majolica tiles are a superb expression of Sicilian art. Hand-painted and glazed by expert artisans, these tiles are ornately decorated with Moorish-inspired motifs that are revealed in four tiles. Meticulously detailed in ivory on an orange background, the central motif boasts a bold frond framed by a square border with scalloped sides from which radiate more sinuous fronds and roses. Envisioned as a wall panel or countertop in a bathroom or kitchen respectively, these tiles will enliven any decor with their dynamic energy.
