ARCO VASE

\$840

DESCRIPTION

Modern and sophisticated, this vase derives its name from the arc shape of its blue and ivory-colored decorations, which are hand-applied on the transparent mouth-blown Murano crystal surface. The striking simplicity of this vase's design makes it a stand-out accent in any room in the house, adding a delicate sense of movement to an entryway, living room, or powder room. This vase is signed and dated by the master artisan who crafted it.
