LIGHTING : CHANDELIERS

*Euroluce Light of Italy*

**ARGO BROWN AND AMBER CHANDELIER 10 LIGHTS**

\$6,540

## DESCRIPTION

Designed by Studio in Project, the imposing silhouette of this glass chandelier features a brown, cup-shaped base with ten rectangular arms made of ridged amber glass with brown lateral profiles that emerge with a swooping curve. The decoration of the glass components of this remarkable piece is achieved with the innovative, double-coloring technique. Metallic light bulb holders are placed atop brown rectangular ridged plates to recall the geometric pattern of the arms. This sophisticated chandelier is a true work of art that will add instant glamour to any interior.
