Bottega Del Monaco

ARGO SCUPLTURE

\$2,040

DESCRIPTION

This eclectic sculpture is inspired by the ancient Greek vessel "trireme" and was made by assembling pieces originally designed for other objects. Its soft shapes capture the fluidity of the waves, while the vivid colors evoke the hues of the water. Made of ceramic and glazed in nuanced shades of blue and copper with a metallic, glossy finish, this stunning sculpture will be an eye-catching highlight in any room of your home.
