## ARLECCHINO LARGE YELLOW VASE

\$1,010

### DESCRIPTION

This large vase is part of the Arlecchino collection that honors this traditional mask of the Venetian carnival with its multi-colored pieces. In this case, the delicate silhouette of this mouth-blown piece is highlighted by hand-applied hues that complement each other and create a sophisticated object that will enhance any decor. It can be used to display fresh or dried flowers and it is enriched by thin bands of pure gold at top and bottom and on the short stem.
