### ARLECCHINO MEDIUM EGG CONTAINER

\$340

---

#### DESCRIPTION

This exquisite glass object is a functional box designed in the shape of an egg and will add a touch of charm to any decor to store and display small items anywhere in the house. The amber-colored top rests on the bottom of the container, painted in a delicate shade of green, while a blue and red pedestal supports the whole piece. The colors were hand applied and so were the precious pure gold decorations.
