ASHES MARBLE BOX

\$1,020

DESCRIPTION

Designed mainly as an ashtray, this box with lid can also be used on an entryway console to collect small objects such as keys and spare coins or in the kitchen to display fruit or store cookies. This elegant round box is composed of two pieces - the top in black Marquina marble and the base in white Carrara marble - that can be stacked or used separately. The base and rim of the two pieces form an intriguing black-and-white interlocked pattern. The ideal accessory for a side table, desk or nightstand, this charming and versatile object will be a perfect housewarming gift.
