Studiopepe by Ivano Redaelli

ASTON SMALL WALNUT TABLE

\$2,320

DESCRIPTION

Smaller wood version of the Aston table designed by Studiopepe for Ivano Redaelli Interiors. This version features a removable top of inlaid Canaletto walnut wood, but retains the tubular steel feet with a black epoxy varnish finish and joints with a matte gold finish that distinguish the Aston design. A useful characteristic, especially for uneven floors, is that the brass feet can be adjusted to the desired height.
