Studiopepe by Ivano Redaelli

ASTON BLACK MARBLE COFFEE TABLE

\$3,015

DESCRIPTION

Small table designed by Studiopepe for Ivano Redaelli Interiors. This version features a removable top of black marble polished to a shiny finish, but retains the tubular steel feet with a black epoxy varnish finish and joints with a matte gold finish that distinguish the Aston design. A useful characteristic, especially for uneven floors, is that the brass feet can be adjusted to the desired height.
